IN REPLY REFER TO:

Honorable Gerald B. Solomon
House of Representatives
Room 2265 Rayburn Building
Washington, D.C. 20515

Dear Congressman Solomon:

This is in reply to your letter of March 3, 1993, in which you inquired on behalf of your constituent, Mr. Frederick H. Harrington, regarding the Notice of Proposed Rule Making (Notice) in PR Docket No. 92-235, 57 FR 54034 (1992). This Notice proposes comprehensive changes to the Commission's Rules governing the private land mobile radio services operating in the frequency bands below 512 MHz.

Your constituent is specifically concerned about the impact of these changes on radio control (R/C) hobby users. Enclosed is a discussion paper concerning our proposals for the 72-76 MHz band. In short, we expect there would be no adverse impact on R/C operations because of any proposal contained in the Notice.

We are, of course, sensitive to the concerns of both users of private land mobile radio spectrum and R/C hobbyists. We will, therefore, take your constituent's concerns into account when we develop final rules in this proceeding. As indicated in the Notice, we remain convinced that without significant regulatory change in radio operations in the bands below 512 MHz, the quality of communications in the private land mobile radio services will continue to deteriorate to the point of endangering public safety and the national economy.

We want to thank you for your interest in this proceeding. Your constituent's letter will be included in the record of the proceeding. We expect final rules to be issued in 1994.

Sincerely,

Richard J. Shiben
Chief, Land Mobile & Microwave Division
Private Radio Bureau

Dear Lou:

Enclosed please find a letter I received from my constituent Mr. Frederick H. Harrington Of Nassau, New York.

As you can see, Mr. Harrington's problem concerns improving the operating conditions of land mobile radio users at the expense of radio control modelers.

Inasmuch as this is a matter within your jurisdiction, I would appreciate your looking into the situation and giving me your advice as to whether or not there can be a satisfactory resolution of Mr. Harrington's concern.

Sincerely,

GERALD B. SOLOMON
Member of Congress
